Introducing the 35-metre expedition yacht, Stellamar. Built in 2023 by Cantiere delle Marche and brand new to the charter market for 2024, she is not just a vessel but an embodiment of exploration, luxury and unparalleled craftsmanship. Get ready to enter a world where meticulous design meets desire for adventure.

From the visionary mind of Francesco Paszkowski and naval architecture by Hydro Tec, the exterior and interior design seamlessly blend traditional yacht aesthetics with cutting-edge solutions, offering optimal comfort and safety, with limitless cruising capabilities to the world's most secluded destinations.

With an emphasis on outdoor spaces, Stellamar's spacious lounging and dining areas on all decks invite you to bask in the sun and sea breeze, with the sundeck jacuzzi providing an excellent vantage point for spectacular views while at anchor. Even when relaxing in the interior spaces, the vast windows in the main and upper salons ensure a constant connection to the natural environment.

Step inside and discover a layout tailored to the needs of every family and group of guests. The owners, alongside the designer, have curated an interior that balances soft shapes, neutral colours, and

natural textures. From bright natural oak flooring to cream leather wall panelling, every detail contributes to a contemporary and soothing ambiance. Bespoke surround sound speakers have been fitted throughout the vessel to add to the atmosphere as required. Up to twelve guests are accommodated in five modern ensuite cabins with vast windows for optimal natural light. The four guest cabins are located on the lower deck, while the master stateroom on the main deck forward offers a private haven and includes a walk-in wardrobe and private study. The master ensuite features his and her sinks, separate heads, a full-length bath, shower, and a sauna. The experienced crew of seven enjoys comfortable quarters on the lower deck, ensuring seamless service throughout the voyage.

Stellamar's toy box provides a treasure trove of fun, featuring two Flite boards, two Seabobs, nitrox diving equipment, snorkelling equipment, fishing gear, and four paddle boards. She is also well-equipped with gym equipment for long and shorter haul charters, with a Pelaton cycle machine, TechnoGym bench weights 1-10kg, and yoga mats. For access ashore Stellamar also has two tenders, while 5G/4G Starlink internet provides unbeatable connectivity in even the remotest of destinations.

Under the hood, Stellamar boasts impressive technical features. A full-displacement explorer vessel with a steel hull and aluminium superstructure, she is powered by twin Caterpillar C18 Acert engines with a range of approximately 5,500 nautical miles at an economic speed of 9-10 knots. The purposefully designed hull geometry and electric-driven stabilisers guarantee smooth cruising, making Stellamar a trustworthy companion for long-haul journeys.

Whether you're planning a week in the Mediterranean or a world tour, Stellamar promises to be a game-changer. With a max speed of 13.5 knots and a range that allows exploration of the farthest corners of the globe, this explorer yacht is not just a vessel – it's an invitation to turn dreams into reality.

“She is not just a vessel but an embodiment of exploration, luxury and unparalleled craftsmanship.”

CREW

CAPTAIN

Thomas Pratt

Captain Tom has been around the ocean his whole life, from growing up sailing in small dinghies to taking command of large superyachts. For the last 15 years he has been perfecting his yachtsmen's skills by delivering numerous seasons of very successful charters and owners' trips, both throughout the Caribbean and Mediterranean seas.

Captain Tom is just as experienced with being underwater as above, having qualified as a PADI dive master with Nitrox, dry suit, and photography specialisations. He is also an experienced kite surfer, windsurfer and a personal watercraft and powerboat instructor.

With his extensive knowledge and wealth of experience, Tom is ready and waiting to plan your perfect itinerary, the luxury superyacht charter of your dreams awaits with Stellamar.

CHIEF OFFICER

Laraine Brink

Laraine, better known as Larry, grew up in a small harbour town on the edge of the Namib Desert. Here she discovered her love for the ocean, outdoor adventures, and the beauty of endless possibilities.

With an active, practical, and outgoing character, Laraine then began her career in yachting. She has been in the industry for six years and is steadily working up to become a captain someday. She has worked on numerous charter and private vessels but Stellamar, to date, is her favourite.

Her mother tongue is Afrikaans, and she is fluent in English.

BOSUN

Justin Seitz

Justin is from the picturesque country of South Africa and now resides in Spain when he is not performing his duties as Bosun aboard Stellamar.

Previously, he spent five years in Vietnam as a strength and conditioning coach, maintaining a strong interest in competitive sports. His passions extend to a love for the outdoors and the majestic wildlife found in nature.

Justin is extremely passionate about yachting and is now focused on advancing his career in the industry, his ultimate goal is to become a captain.

The essence of his job lies in contributing to the memories of the guests he encounters, and for them to cherish these moments for a lifetime. He can't wait to welcome you on board, where each day holds a new adventure.

CHEF

Emmanuel Gonzalez

Manu hails from Huatulco on the pacific side of Mexico. He is passionate about life and the beauty of the ocean. During his career as a chef, he has worked in different restaurants in Brazil and Mexico, as well as different size vessels, ranging from cruise ships to fantastic charter and private yachts.

He loves taking care of his guests and every bite is made with love. Cooking is something serious for him. He is always looking for the very best ingredients, to offer each and every guest the most incredible food experience during their time on board.

Fluent in Spanish, Portuguese, French and English, Manu is a great communicator, the galley doors are always open to listen, to laugh and share a bite.

CHIEF STEWARDESS

Bethania Gonzalez

Fluent in Portuguese, Spanish and English, Bethania Gonzalez lives in the beautiful pacific coast of Mexico with her husband and her much loved dog. A humble and down to earth individual, she believes in love and miracles.

In her spare time, Bethania loves traveling and learning new things – art and life at sea are her true passions. She finds the development of humans, infrastructures, and cultures extraordinary and daydreams of what is yet to come.

Having worked in the hospitality industry for over 15 years, she has cruised the Mediterranean Sea, the Adriatic, Ionian Sea, Caribbean islands and West coast of the US on both private and charter yachts. She is very much looking forward to having you on board MY Stellamar and can't wait to provide you with the most amazing service, and the most unforgettable vacation of your life.

2ND STEWARDESS

Belisa Rathunde

Bel was born and raised in the South of Brazil and is fluent in Portuguese, Spanish and English. She descends from German heritage and has recently become a German citizen. She decided to follow her passion for the ocean in 2018 and has worked in the yachting industry ever since. With a degree in Psychology, she has also worked on social and environmental projects throughout America.

Her adventurous spirit and admiration for different cultures led her to live abroad for the first time at the age of 16. Since then, she has lived and worked in more than 10 different countries, and spent nearly four years volunteering in South and North America. For a whole year she travelled up the Amazon River and resided for another year in an indigenous community in the Arctic.

When she is not working, she loves diving and also has a passion for photography. Her dream is to one day travel the world in a motorhome.

CHIEF ENGINEER

Dewald Werner

DJ was born in Pretoria, South Africa. He has been in the yachting industry for 12 years as a Marine Engineer and has a great passion for his profession.

During his time off he resides in the United Kingdom with his fiancé and enjoys the outdoors. An extremely active individual, his hobbies include trail riding on his mountain bike and watching live sport whenever he can.
